“ You are so wrong. My children who are under 26, DEFINITELY beifnt already from the provisions of the Affordable Health Care Act. You guys are living in the Stone Age. Have you ever been to Europe? Have you ever been denied coverage because of a totally unrelated "pre-existing" condition? This law will enable us to move forward and actually begin cutting healthcare costs. THIS is what will bankrupt the US not the provision of universal healthcare, shared by all Americans, as it is in every other civilized country on this planet. Last of all, rationing is what we have NOW in our healthcare system. It's immoral and despicable.
