“ I just learned of the passing of Jonathan. He was a very special person dear friend and co-worker at SmithKline Diagnostics in Pennsylvania. Jonathan and Louise were kind enough to help me at my new home--they got down on their hands and knees and installed a ceramic tile floor in my kitchen. Jonathan was a clever person who possessed many skills. He could always be counted on to use his considerable knowledge to help solve any problem a person might have and he always was extremely generous in doing so. May God bless his family and may he remain forever in the memory of those who knew him.

*With sincere sorrow, Estelle Watts*
