“ So sorry to hear of Mr. Doug's passing. My deepest sympathies to the family. Have known Mr. Doug for many, many years, and was always a pleasure talking with him. He would always look out for "us" whenever we had a function, as well as personally (IYKYK). Rest easy my friend, you will be missed.

“ I met Mr. Doug this year when I started my new job in earlier this year. He certainly had a special way about him and he always "told it like it was" with anything. Mr. Doug always had a smile whenever I saw him. We always would have an interesting conversation about something. We spoke last week about pork belly and how I wanted to try it and I was going to come buy some from him. I will truly miss him although we only knew each other for a short time. He had an infection spirit that will live on through all that knew him. Fly High Mr. Doug
