“ *My condolences to the entire family. I have had the opportunity to meet some of her family over the years and I can say she adored everyone of you. I worked in the Operating Room with her from the eighties until I left in 2013, she was a constant figure there, I will always remember special occasions we shared. Remember as she did, John 9:4. "As long as it is day, we must do the work of Him Who sent me, while it is day. Night is coming when no one can work" . May the love of the Holy Spirit give you strength.* ”

“ I worked with Connie in OR during the latest decade. She was an assertive leader and was able to keep the OR organized and going (tough job!)

Connie enjoyed her long road trips with daughter and grandchildren, one could see her softer side when she talked about her loved ones and their travel adventures.

She definitely had a "green thumb" and many of us have some plants from her.

My deepest condolences to Connie's family. May she Rest In Peace.

“ I was deeply saddened to learn of Connie's passing. I worked in the Operating Room with her in the good ole days when she first came as a technician. She was so supportive when I had surgery and was very helpful afterwards. Ashley, I remember how special she made me feel when I came to your wedding. And Tiffany, when she sent you to MCG to check on me. She was a dear friend and I pray as you go through the sad days ahead you will remember what a lovely person she was and through God's grace you will remember the wonderful times you had together. You and the family will be in my prayers. God bless each of you as you say goodbye and know He will unite you again.
