“ My granddaughter Sasha, you are going to be missed something terribly. You had a great personality and a heart as big as the Universe. There is nothing you wouldn't do for your family and friends. You would try to protect your family with everything had. I am going to miss your late night calls and text. If needed you be the first to respond. I can't believe you are gone. Miss your joking around you did, I know you are up there smiling down at us 🥺💔

“ *My thoughts and prayers for comfort and understanding for your Mom and Dad and siblings, grand parents , and most especially for your children. I watched you grow up from a beautiful baby to a beautiful young lady and mother. You had accomplishments and you stumbled and got back up and all the time somehow kept a smile on your face and the bright light of hope in your heart. You are going to be so missed by us all, but you will never be gone as long as we keep your memory in our hearts and speak of you. Your memory will live for ever. Love you girlie. Aunt Laura*
