“ There are so many wonderful memories I have of this lady. She has been an integral presence in my life as long as I can remember. Annie Pearl along with my mom, took me to get my ears pierced when I was 6 years old. She then gave me my first pair of earrings. She and my mom Venecia (Nicky) were cousins and they were quite close throughout their lives, often going fishing together and on many other "escapades" such as yard sales and to different orchards to pick fruit. They took all of us kids with them, including even my own children after they came along. Mom passed in 2020 at the age of 95 and it is my sincerest hope that they are together again on another "adventure." Fly high love, I will never forget you!
