“ I am so fortunate to have had Danny in my life. We went to Butler together, and although I married and moved to Texas, we reconnected on Facebook, and I always appreciated his positive messages and Danny himself. I pray for his family, although I didn't know them personally, I can't imagine the pain they must be experiencing, but we know that Danny no longer has to suffer and is in the hands of Jesus today.

“ Sherry, My thoughts are with you and your family. I remember meeting Danny in 1961 when I moved to Augusta and became his neighbor. So many fond memories of he, Myrna and I listening to records on his front porch. Watching fireworks on the roof of the store. Drooling over his mustang. He was a wonderful childhood friend. I know you two had a beautiful life and amazing memories that will keep you and comfort you.

“ *I have known Danny since the 1950s, days that were simple, days that were fun. We played a lot, every thing from cowboys to marbles in the school yard at Wilkinson Gardens. We rode our bikes to school every school day and no one worried about kids being kidnapped. We went to Murphy Jr. High, me for only the 8th grade and I moved away. We kept in touch off and on then reunited a couple of years ago here in Maine when Danny and Sherry were traveling here in Maine. The reunion was like all those years of not seeing each other nothing had changed except he had a wonderful life partner.....Rest In Peace My Friend  
Sherry, Cil and I have you in our prayers in our hearts and thoughts.*

“ I first met Danny back in about 1973 when I was trying to break into the financial field. Danny was working at Pacific Finance and I had applied for a position there, I had an issue that Danny help me work through and I was able to secure a position there and enjoyed the two years we worked together. We remained friends throughout the following years and were fortunate to again work together as pier level corporate associates. Danny and I shared the same interests with cars from the Muscle Cars era and we swapped many tales about the things we experienced. Danny was a great guy who placed his family and friends ahead of himself and I never really saw him be anything other than what he was, no pretense. I regret that we have not stayed in touch more over the years but that's the way it goes so often. To Sherry and the children I assure you I will remember my time with Danny and I consider myself better for the experience. I pray that you will find peace through the challenges you will face and I know your faith will prevail you. My prayers are being sent up for strength. I give thanks that I can claim Danny Floyd Fulmer, Sr as my friend.

“ Danny and I grew up together from the age of about 12 and went to grammar school, Murphy and George P Butler. I knew his parents and they were lovely people. This breaks my heart as he was one of the finest gentleman in the world which was as her result of his wonderful parents and family. I talked to him a few months ago via Facebook and he was just as kind and never as ever. I am terribly hurt for his loss as well as I know everyone is that knew him. God rest his soul. God has gained another angel . But I know all of us of this generation that knew him and that we all grew up together. Will all see each other soon.

Just know Danny, we love you and you will surely be missed. God bless you and your family. May you rest in peace, darling and know that you were highly respected and loved.. I know your wife and children and family are going through a terrible breathing time And we pray for them. I love you my friend. I can't believe this. I don't know what happened, but if someone wants to call me, I would appreciate it. 706-7 26-8454., Your lifetime friends, forever, and ever , enough said, Sarah Kenzie, Johnson,
