“ To the Jeep Family,

*I was so sad and shocked to read of Gary's passing. He was such a great guy. My whole family thought the world of him. He was one of best memories of my high school days. I know the last few years have been extremely hard on him. Heaven has gained an angel and your moms and he are looking down on their family watching over you and knowing what a great job they did. I also know that God will get you all through this difficult time. My prayers are with your family.*
