To my husband Jay

You were Heaven sent to me. I cannot put into words enough what you truly meant to me but, I will do my best. I must start by saying that I'm truly grateful that we became fishing friends first and then you swept me off my feet. I knew once my father and grandmother accepted you, we were on our way to a happy relationship. My grandmother told me "Wanda you got a good one and to keep folk out of your relationship if you want it to work". I think we did a pretty good job of that. I appreciate, miss you, and I will forever love you. I was your Queen and you were my King and you always said Antonio was the Prince. I just want you to know how much you are missed by me and a host of others, you truly made an impact on your family and your community, you did

it your way and you did a great job as a husband, father, friend, and a server of the Lord. Lastly, I would like to thank everyone that came out to show their support for me and my family at this time of bereavement.
