“ Fishing, hunting, playing hide and go seek in the woods, dirt bomb fights, thumb wrestling, wrestling, shooting each other with bb guns, video games and weekend arcades are just a fraction of all the good childhood memories I've shared with you. Rest in peace brother.

“ The most memorable thing my brother told me was, "Hold your head up when you go in here because you are a 'Brewer'." I was 25 years old and from that day forward I have always held my head.
